Your purchase of GoldFinX Tokens ("**GiX**") during the GiX sale period as defined in Schedule 2 (the "**Sale Period**") from GOLDFINX PTE. LTD together with its parent company, subsidiaries and affiliates, (all together referred to as "**Company**", "**Group Entity**", "**we**", or "**us**" or "**GoldFinX**") is subject to and governed by these Terms of Sale ("**Terms**"). Each of you and the Company is a "**Party**", and together the "**Parties**".

These Terms are to cover a public sale of tokens (the "**Token Sale**") conducted by the Company through a Token sale or an exchange. In particular, these Terms cover the use of the GiX distribution smart contract (the "**GiX Distribution**") and purchase of ERC20 compatible digital tokens distributed on the Ethereum blockchain. It is an express agreement between you or the entity that you represent and the Company.

By purchasing GiX from us during the Sale Period and/or using GiX in connection with the Products (as defined below), you will be bound by these Terms and all terms incorporated by reference. If you have any questions regarding these Terms, please contact us at legal@GoldFinX.com.

NOW, THEREFORE, in consideration of the mutual representations, warranties and agreements contained in these Terms, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Company and you agree as follows:

1. PURPOSE AND USE OF GiX IN CONNECTION WITH THE PRODUCTS

1.1 GiX are intended to be used for the introduction, development, creation, fabrication and/or usage of the software platform (the "**Platform**") described in Schedule 1 and the GoldFinX White Paper ("**White Paper**") which is available for information purposes only at <https://www.goldfinx.com> and does not form part of these Terms. GiX's utility for usage of various functions of the Platform as described in these Terms is hereinafter referred to as the "**Products**".

1.2 The purpose of GiX is to facilitate the participation in the Platform which, when fully developed, is envisaged to be a decentralized data sharing network protocol based on blockchain technology. GiX is designed to be the unit of exchange between participants on the Platform. For each exchange of services or products on the Platform, the costs are to be quantified in GiX and paid to the Platform and/or the other party providing the service. The intended features of GiX are described in more detail in Schedule 1.

1.3 The Platform is not, and will in no case be, an enterprise, corporation, partnership or other entity or body corporate established under the laws of any jurisdiction, but a computerized consensus protocol based on which a public transaction ledger is generated. For the avoidance of doubt, the community of GiX token holders does not have legal control over any matters relating to the Company (or any of its affiliates) or any of its assets, or any of its affiliated companies (including without limitation the selection of governing board of the relevant company, over corporate matters, development direction, specific projects, or deployment of that company's assets, which shall be the final responsibility of the governing board of the relevant company).

1.4 GiX is an integral and indispensable part of the Platform because in the absence of GiX, there would be no common unit of exchange for goods and services, thus rendering the ecosystem on the Platform unsustainable. The ownership of GiX carries no rights, express or implied, in the Company, its related entities or its affiliates (each, a "Group Entity") other than the right to use GiX as a means to enable usage of and interaction with the Platform, upon the successful development and deployment of the Platform. GiX is sold as a consumable virtual good, and does not have any functionality or utility outside the ecosystem on the Platform – accordingly, it is not necessarily merchantable and does not necessarily have any other use or value. The ecosystem on the Platform is structured as a "closed system" insofar as the use of GiX is concerned.

1.5 Ownership of GiX carries no rights, express or implied, other than the right to use GiX as a means to obtain Products to the extent successfully developed and produced. In particular, you understand and accept that GiX do not represent or confer any ownership right or stake, share or security or equivalent rights, or any right to receive future revenue shares, intellectual property rights or any other form of participation in or relating to the Company and its corporate affiliates, other than rights relating to the potential receipt of Products subject to limitations and conditions in these Terms and other terms and policies. GiX are not intended to be a digital currency, security, commodity or any other kind of financial instrument.

2. SCOPE OF TERMS

Unless otherwise stated herein, these Terms govern only your purchase of GiX from us during the Sale Period. You agree to be bound on this basis and confirm that you have read in full and understand these Terms all of which are binding on you.

3.2 To the extent that the Company has established terms of use, as may be amended from time to time, for the GiX website located at <https://www.goldfinx.com>, these are hereby incorporated by reference. You confirm that you have read, understood and agree to those terms.

3.3 The Company has prepared a White Paper and other materials concerning the sale of GiX and the Products for information purposes only which are available at <https://www.goldfinx.com>. You confirm that you have read and understood the White Paper and its contents.

3.4 GiX are utility tokens to be redeemed against the services or Products offered by the Company or to be traded on a public exchange. They do not have any rights, uses, purpose, attributes, functionalities or features, express or implied, outside the Products. Although the tokens may be tradable, they are not an investment, currency, security, commodity, a swap on a currency, or any other kind of financial instrument.

3.5 You acknowledge and understand that the proceeds from the sale of the tokens will be utilised by the Company in its sole and absolute discretion.

4. TOKEN DISTRIBUTION

The access or use of the Token Distribution and/or the receipt or purchase of those tokens through any other means are not sanctioned or agreed to in any way by the Company. You should take great care that the website used to purchase GiX tokens has the following universal resource locator (URL): <https://www.goldfinx.com>.

4.3 You understand and consent to the participation of the Company's past, present and future employees, officers, directors, contractors, consultants, equity holders, suppliers, vendors and service providers in the purchase of GiX tokens, including people who may work on the development and implementation of the Products or who may work for the Company's future businesses that the Company may establish with a portion of the proceeds from the Token Distribution.

4.4 The GiX tokens will be distributed to buyers thereof pursuant to the Token Distribution. The Company makes no representations or warranties, express or implied, including, without limitation, any warranties of title or implied warranties of merchantability or fitness for a particular purpose with respect to the Token Distribution or the tokens or their utility, or the ability of anyone to purchase or use the tokens. Without limiting the foregoing, none of the Company officers represent or warrant that the process of purchasing and/or receiving the tokens will be uninterrupted or that the tokens are error-free. You shall provide an accurate digital wallet address to the Company for receipt of any tokens distributed to you pursuant to the Token Distribution.

5. NOT AN OFFERING OF SECURITIES, COMMODITIES, OR SWAPS

5.1 The sale of GiX tokens by the Company and the tokens themselves are not securities, commodities, swaps on either securities or commodities, or a financial instrument of any kind. Purchases and sales of tokens are therefore not subject to the protections of any laws governing those types of financial instruments. These Terms and all other documents referred to herein including the White Paper do not constitute a prospectus or offering document, and are not an offer to sell, nor the solicitation of an offer to buy an investment, a security, commodity, or a swap on either a security or commodity.

13.20 You agree and acknowledge that in the case where you wish to purchase any GiX tokens, the GiX tokens are not to be construed, interpreted, classified or treated as: (i) any kind of currency other than cryptocurrency; (ii) debentures, stocks or shares issued by any person or entity (including any Group Entity); (iii) rights, options or derivatives in respect of such debentures, stocks or shares; (iv) rights under a contract for differences or under any other contract the purpose or pretended purpose of which is to secure a profit or avoid a loss; (v) units in a collective investment scheme; (vi) units in a business trust; (vii) derivatives of units in a business trust; or (viii) any other security or class of securities; and

13.21 You agree and acknowledge that neither these Terms nor the White Paper constitute a prospectus or offer document of any sort and are not intended to constitute an offer of securities in any jurisdiction or a solicitation for investment in securities;

13.22 You agree and acknowledge that no regulatory authority has examined or approved of the information set out in these Terms or the White Paper, no action has been or will be taken under the laws, regulatory requirements or rules of any jurisdiction and the publication, distribution or dissemination of the Terms and the White Paper to you does not imply that the applicable laws, regulatory requirements or rules have been complied with;

13.23 You agree and acknowledge that these Terms and the White Paper, the undertaking and/or the completion of the Token Sale, or future trading of the GiX tokens on any cryptocurrency exchange, shall not be construed, interpreted or deemed by you as an indication of the merits of the Company, the GiX tokens, the Token Sale and any GiX wallet or exchange as well as any other component of the blockchain ecosystem developed or provided by the Company from time to time (each as referred to in these Terms and/or the White Paper);

13.24 the distribution or dissemination of the White Paper, any part thereof or any copy thereof, or acceptance of the same by you, is not prohibited or restricted by the applicable laws, regulations or rules in your jurisdiction, and where any restrictions in relation to possession are applicable, you have observed and complied with all such restrictions at your own expense and without liability to Company;

13.26 You confirm that the onus and obligation is solely with you to ensure the subscription for the token is not an infringement of the laws of your domicile, citizenship, residential base or geographic area; and

13.27 You understand and acknowledge that title to, and risk of loss of, GiX you purchase from Company and receive from the Smart Contract System passes from Company to you in Singapore.

13.28 Each representation and warranty made by you under these Terms shall be deemed repeated on each day whilst you are holding any GiX.

14.2 Company reserves the right to exercise sole control over the defense, at your expense, of any claim subject to indemnification under Section 14.1. This indemnity is in addition to, and not in lieu of, any other indemnities set forth in a written agreement between you and Company.

15.2 Some jurisdictions do not allow the exclusion of certain warranties or disclaimer of implied terms in contracts with consumers, so some or all of the exclusions of warranties and disclaimers in this section may not apply to you.

16. LIMITATION OF LIABILITY

16.1

GiX IS NOT BEING STRUCTURED OR SOLD AS SECURITIES OR ANY OTHER FORM OF INVESTMENT PRODUCT. ACCORDINGLY, NONE OF THE INFORMATION PRESENTED IN THESE TERMS IS INTENDED TO FORM THE BASIS FOR ANY INVESTMENT DECISION, AND NO SPECIFIC RECOMMENDATIONS ARE INTENDED. TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW: (I) IN NO EVENT WILL COMPANY OR ANY OF THE COMPANY PARTIES BE LIABLE FOR ANY INDIRECT, SPECIAL, INCIDENTAL, CONSEQUENTIAL, OR EXEMPLARY DAMAGES OF ANY KIND (INCLUDING, BUT NOT LIMITED TO, WHERE RELATED TO LOSS OF REVENUE, INCOME OR PROFITS, LOSS OF USE OR DATA, OR DAMAGES FOR BUSINESS INTERRUPTION) ARISING OUT OF OR IN ANY WAY RELATED TO THE SALE OR USE OF GiX OR OTHERWISE RELATED TO THESE TERMS, REGARDLESS OF THE FORM OF ACTION, WHETHER BASED IN CONTRACT, TORT (INCLUDING, BUT NOT LIMITED TO, SIMPLE NEGLIGENCE, WHETHER ACTIVE, PASSIVE OR IMPUTED), OR ANY OTHER LEGAL OR EQUITABLE THEORY (EVEN IF THE PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES AND REGARDLESS OF WHETHER SUCH DAMAGES WERE FORESEEABLE); AND (II) IN NO EVENT WILL THE AGGREGATE LIABILITY OF COMPANY AND THE COMPANY PARTIES (JOINTLY), WHETHER IN CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE, WHETHER ACTIVE, PASSIVE OR IMPUTED), OR OTHER THEORY, ARISING OUT OF OR RELATING TO THESE TERMS OR THE USE OF OR INABILITY TO USE GiX, EXCEED THE AMOUNT YOU PAY TO US FOR GiX. THE LIMITATIONS SET FORTH IN SECTION 16.1 WILL NOT LIMIT OR EXCLUDE LIABILITY FOR THE GROSS NEGLIGENCE, FRAUD OR INTENTIONAL, WILLFUL OR RECKLESS MISCONDUCT OF COMPANY.

16.2 Some jurisdictions do not allow the limitation or exclusion of liability for incidental or consequential damages. Accordingly, some of the limitations of this section may not apply to you.

17. RELEASE

To the fullest extent permitted by applicable law, you release the Company and the other Company Parties from responsibility, liability, claims, demands and/or damages (actual and consequential) of every kind and nature, known and unknown (including, but not limited to, claims of negligence), arising out of or related to disputes between users and the acts or omissions of third parties. You expressly waive any rights you may have as a creditor, particularly in relation to unknown claims, under the appropriate jurisdiction as well as any other statute or common law principles that would otherwise limit the coverage of this release to include only those claims which you may know or suspect to exist in your favour at the time of agreeing to this release.

18. DISPUTE RESOLUTION AND ARBITRATION

PLEASE READ THE FOLLOWING SECTION CAREFULLY BECAUSE IT CONTAINS ADDITIONAL PROVISIONS APPLICABLE ONLY TO INDIVIDUALS LOCATED, RESIDENT, OR DOMICILED IN THE UNITED STATES. IF YOU ARE LOCATED, RESIDENT, OR DOMICILED IN THE UNITED STATES, THIS SECTION REQUIRES YOU TO ARBITRATE CERTAIN DISPUTES AND CLAIMS WITH COMPANY AND LIMITS THE MANNER IN WHICH YOU CAN SEEK RELIEF FROM COMPANY.

18.1 Binding Arbitration:

Except for any disputes, claims, suits, actions, causes of action, demands or proceedings (collectively, "**Disputes**") in which either Party seeks injunctive or other equitable relief for the alleged unlawful use of intellectual property, including, without limitation, copyrights, trademarks, trade names, logos, trade secrets or patents, you and Company (i) waive your and Company's respective rights to have any and all Disputes arising from or related to these Terms resolved in a court, and (ii) waive your and Company's respective rights to a jury trial. Instead, you and Company will arbitrate Disputes through binding arbitration (which is the referral of a Dispute to one or more persons charged with reviewing the Dispute and making a final and binding determination to resolve it instead of having the Dispute decided by a judge or jury in court).

18.2 No Class Arbitrations, Class Actions or Representative Actions:

Any Dispute arising out of or related to these Terms is personal to you and Company and will be resolved solely through individual arbitration and will not be brought as a class arbitration, class action or any other type of representative proceeding. There will be no class arbitration or arbitration in which an individual attempts to resolve a Dispute as a representative of another individual or group of individuals. Further, a Dispute cannot be brought as a class or other type of representative action, whether within or outside of arbitration, or on behalf of any other individual or group of individuals.

18.3 Notice:

Informal Dispute Resolution. Each Party will notify the other Party in writing of any Dispute within thirty (30) days of the date it arises, so that the Parties can attempt in good faith to resolve the Dispute informally. Notice to Company shall be sent by e-mail to Company at legal@GoldFinX.com.

Notice to you shall be by email to the then-current email address in your Account. Your notice must include (i) your name, postal address, email address and telephone number, (ii) a description in reasonable detail of the nature or basis of the Dispute, and (iii) the specific relief that you are seeking. If you and Company cannot agree how to resolve the Dispute within thirty (30) days after the date notice is received by the applicable Party, then either you or Company may, as appropriate and in accordance with this Section 18 commence an arbitration proceeding or, to the extent specifically provided for in Section 18, file a claim in court.

18.4 Singapore International Arbitration:

Any dispute arising out of or in connection with these Terms (including without limitation the enforceability of this arbitration clause, any question regarding existence, validity or termination) shall be referred to and finally resolved by arbitration administered by the Singapore International Arbitration Centre ("**SIAC**") in accordance with the Arbitration Rules of the Singapore International Arbitration Centre ("**SIAC Rules**") for the time being in force, which rules are deemed to be incorporated by reference in this arbitration clause. The seat of the arbitration shall be Singapore. The Tribunal shall consist of 1 arbitrator. The language of the arbitration shall be English.

18.5 Severability of Dispute Resolution:

Arbitration. If any term, clause or provision of this Section 18 is held invalid or unenforceable, it will be so held to the minimum extent required by law, and all other terms, clauses and provisions of this Section 18 will remain valid and enforceable. Further, the waivers set forth in Section 18 are severable from the other provisions of these Terms and will remain valid and enforceable, except as prohibited by applicable law.

19. INTELLECTUAL PROPERTY

The Company retains all right, title and interest in all of that entity's intellectual property, including, without limitation, ideas, concepts, discoveries, processes, code, compositions, formulae, methods, techniques, information, data, patents, models, rights to inventions, copyright and neighbouring and related rights, moral rights, trademarks and service marks, business names and domain names, rights in get-up and trade dress, goodwill and the right to sue for passing off or unfair competition, rights in designs, rights in computer software, database rights, rights to use, and protect the confidentiality of, confidential information (including know-how and trade secrets), and all other intellectual property rights, in each case whether patentable, copyrightable or protectable in trademark, registered or unregistered, and including all applications and rights to apply for and be granted, renewals or extensions of, and rights to claim priority from, such rights and all similar or equivalent rights or forms of protection which subsist or will subsist now or in the future in any part of the world. Without the prior consent of the other Party, neither Party shall issue any media release or similar publicity relating to this Agreement. Neither Party shall use the trademarks, trade name, or logo of the other Party without having obtained its consent.

21. NO CLAIM, LOAN OR OWNERSHIP INTEREST

Without limitation to these Terms, the purchase of GiX offered by the Company: (i) does not provide you with rights of any form with respect to the Company or its revenues or assets, including, but not limited to, any voting, distribution, redemption, liquidation, proprietary (including all forms of intellectual property), or other financial or legal rights; (ii) is not a loan to the Company; and (iii) does not provide you with any ownership or other interest in the Company.

22.1 Use or exploit any Confidential Information for your own purposes or those of any third party.

22.2 Disclose (whether by copying or reproducing in any form or on any media or device, including in electronic form, or permitting anyone else so to copy or reproduce), communicate or publish any Confidential Information to any third party.

22.3 Make, except for the benefit of the Company or any of its subsidiaries and affiliated companies any copy, record, or memorandum (whether/his or not recorded in writing or on computer disk or tape) of any Confidential Information.

22.4 You shall at all times during these Terms and after their termination use your best endeavours to prevent the unauthorised use, exploitation, disclosure, communication or publication of any Confidential Information whether/his by any officer or employee of the Company or any of its subsidiaries and affiliated companies or by any third party and shall promptly report to the Company any such unauthorised use, exploitation, disclosure, communication or publication which comes into your knowledge.

22.5 You shall not without the prior consent of the Company either directly or indirectly publish any opinion, fact or material or deliver any lecture or address or participate in the making of any film, radio broadcast or television transmission or communicate with any representative of the media or any third party relating to: (i) the business or affairs of the Company or any of its subsidiaries and affiliated companies or to any of its officers, employees, customers, clients, suppliers, distributors, agents or shareholders; or (ii) the development or exploitation of any Intellectual Property, Confidential Information or any other materials. For the purposes of this clause, media shall include television (terrestrial, satellite and cable), radio, internet, social media, newspapers and other/his journalistic publications.

22.6 For the purposes of these Terms "**Confidential Information**" means all confidential information or trade secrets belonging to or concerning to the Company or any of its subsidiaries and affiliated companies including, but not limited to, any information expressly designated by the Company or any of its subsidiaries and affiliated companies as being confidential. Confidential Information shall not include any information which is publicly available or becomes generally available to the public otherwise than by or as a result of a breach of these Terms by you.

23. GOVERNING LAW AND VENUE

23.1 These Terms and any non-contractual obligations arising out of or in connection with it are governed by Singapore law, without regard to conflict of law rules that would cause the application of the laws of any other jurisdiction.

23.2 Any Dispute between the Parties arising out or relating to these Terms or its subject matter or formation (including non-contractual Disputes of claims) that is not subject to arbitration will be resolved in the courts of the Singapore which have exclusive jurisdiction. The Parties agree that the courts of Singapore are the most appropriate and convenient courts to settle Disputes and accordingly no Party will argue to the contrary.

24. SEVERABILITY

24.1 If, at any time, any provision of these Terms is or becomes illegal, invalid or unenforceable in any respect under any law of any jurisdiction, neither the legality, validity or enforceability of the remaining provisions nor the legality, validity or enforceability of such provision under the law of any other jurisdiction will in any way be affected or impaired.

24.2 If any provision or part-provision of these Terms is or becomes invalid, illegal or unenforceable in any respect under any law of any jurisdiction, it shall be deemed modified to the minimum extent necessary to make it valid, legal and enforceable. If such modification is not possible, the relevant provision or part-provision shall be deemed deleted. Any modification to or deletion of a provision or part-provision pursuant to this clause shall not affect or impair the validity and enforceability of the rest of these Terms, nor the validity and enforceability of such provision or part-provision under the law of any other jurisdiction.

25. MISCELLANEOUS

25.1 Force Majeure:

You understand and agree that the Company shall not be liable and disclaims all liability to you in connection with any force majeure event, including acts of God, labour disputes or other industrial disturbances, electrical, telecommunications, hardware, software or other utility failures, software or smart contract bugs or weaknesses, earthquakes, storms, or other nature-related events, blockages, embargoes, riots, acts or orders of government, acts of terrorism or war, technological change, changes in interest rates or other monetary conditions, and, for the avoidance of doubt, changes to any blockchain-related protocol.

25.2 Assignment:

You shall not assign your rights and obligations under these Terms without the prior written consent of the Company. Any assignment or transfer in violation of this Section 24.2 will be void. We may assign our rights and obligations under these Terms to an affiliate. 25.3 Waiver:

No failure to exercise or enforce, nor any delay in exercising, on our part, any right or remedy under these Terms shall operate as a waiver, of any such right or remedy or constitute an election to affirm these Terms. No election to affirm these Terms on our part shall be effective unless it is in writing. No single or partial exercise of any right or remedy prevents any further or other exercise or the exercise of any other right or remedy. The rights and remedies provided in these Terms are cumulative and not exclusive of any rights or remedies provided by law.

25.4 Delay:

We will not be liable for any delay or failure to perform any obligation under these Terms where the delay or failure results from any cause beyond our reasonable control.

25.5 No Partnership:

Purchasing GiX from us does not create any form of partnership, joint venture or any other similar relationship between you and us.

25.6 Third-Party:

Except as otherwise provided in herein, these Terms are intended solely for the benefit of you and us and are not intended to confer third-party beneficiary rights upon any other person or entity. SCHEDULE 2:

TOKEN GENERATION EVENT PROCEDURES AND SPECIFICATIONS

1. Total Number of GiX to be Created and Sold

Company will create up to 1 billion GiX through the Smart Contract System. A pool of up to 300,000,000 GiX will be created from which 250,000,000 will be sold by the Company to purchasers during the Sale Period of Phase 1. All GiX will be of equal value and functionality. However certain discounts and bonus may be applied during specified periods, such as pre-sale or pre-ICO.

2. Commencement and Duration of Token Sale

The Company's sale of GiX will begin around 1 July 2019 and will continue until the time that EUR 250'000'000 has been received by the Company or 31 December 2019 (the "**Sale Period**") with the Company, at its sole discretion, reserving the right to extend the Sale Period at any time.

The initial price of GiX will be EUR 2, absent any discount. There is no sale price for the 50,000,000 Company GiX, which is created by the Smart Contract System and pre-allocated to the Company before the Sale Period.

Pre-sale of GiX conducted by the Company before the planned Token sale date will enable certain buyers to have the opportunity to receive a maximum 50% discount in order to compensate them for the additional risk. During the pre-sale and pre-ICO, which is expected to end at 30 June 2019 or such other date as advised by Company, the GiX tokens shall be initially offered at EUR 1 each and early buyers will be entitled to pay in ETH, BTC, XRP or fiat currency. Early buyer tokens purchased during the pre-sale will be distributed together with the tokens that are distributed after the formal sale process has been completed. The Company reserves the right to modify purchase requirements at any time.

3. Procedures for Buying and Receiving GiX

During the Sale Period, GiX tokens can be purchased through the web application on <https://www.goldfinx.com>. GiX tokens will be transferred to your Ethereum wallet within 90 days after the Sale Period has ended. In order to receive the GiX you purchased during the Sale Period, you must have an Ethereum wallet that supports the ERC20 token standard. The Company reserves the right to prescribe additional wallet requirements. By sending any amount through <https://www.goldfinx.com> you agree to all Terms and Conditions specified in this document.

To purchase GiX tokens, payments must be made based on the purchasing information specified on the dashboard of the <https://www.goldfinx.com> web application ONLY. Sending Ether or any other currency to any other address may result in loss of the payment. Attempted transactions to purchase GiX will be rejected if Ether or other payment method is sent to the GiX Token Address at any time after the Sale Period.

The Smart Contract System is deployed by the Company from Singapore and is programmed so that all transactions it executes will be executed in Singapore. As such, title to, and risk of loss of, GiX created and delivered by the Smart Contract System passes from Company to purchasers in Singapore.

4. Use of Proceeds from GiX Token Sale

From the funds that Company receives for GiX sold to purchasers during and before the Sale Period, up to 100% will be used to execute the business plan of GoldFinX, compensate engineers, staff and contractors, cover operating costs, development outlays and marketing expenses, and to address other administrative and legal expenses or any unforeseen costs. The allocation of these budget items shall be at the sole and absolute discretion of the Company.

SCHEDULE 3

CERTAIN RISKS RELATING TO PURCHASE, SALE AND USE OF GiX

Important Note: As noted elsewhere in these Terms, the GiX are not being structured or sold as securities or any other form of investment product. Accordingly, none of the information presented in this Schedule 3 is intended to form the basis for any investment decision, and no specific recommendations are intended. The Company expressly disclaims any and all responsibility for any direct or consequential loss or damage of any kind whatsoever arising directly or indirectly from: (i) reliance on any information contained in this Schedule 3, (ii) any error, omission or inaccuracy in any such information or (iii) any action resulting from such information.

BY PURCHASING, HOLDING AND USING GiX, YOU UNDERSTAND THAT BLOCKCHAIN AND VIRTUAL CURRENCIES / TOKENS, INCLUDING WITHOUT LIMITATION ETHEREUM, BITCOIN, XRP AND QTUM, ARE NEW AND UNVERIFIED TECHNOLOGIES THAT ARE BEYOND CONTROL OF THE COMPANY AND ANY GROUP ENTITY. IN PARTICULAR, AND IN ADDITION TO TERMS OF THIS DOCUMENT, YOU BEAR FULL RESPONSIBILITY FOR ANY RISKS DESIGNATED IN THE PROPOSED DOCUMENTATION. BY PURCHASING GiX, YOU EXPRESSLY ACKNOWLEDGE AND ASSUME THE FOLLOWING RISKS:

1. Risk of Losing Access to GiX Due to Loss of Private Key(s),

Custodial Error or Purchaser Error

A private key, or a combination of private keys, is necessary to control and dispose of GiX stored in your digital wallet or vault. Accordingly, loss of requisite private key(s) associated with your digital wallet or vault storing GiX will result in loss of such GiX. Moreover, any third party that gains access to such private key(s), including by gaining access to login credentials of a digital wallet or vault service you use, may be able to misappropriate your GiX. Any errors or malfunctions caused by or otherwise related to the digital wallet or vault you choose to receive and store GiX, including your own failure to properly maintain or use such digital wallet or vault, may also result in the loss of your GiX. Additionally, your failure to follow precisely the procedures set forth in Section 4 of Schedule 2 for buying and receiving GiX, including, for instance, if you provide the wrong address for receiving GiX, may result in the loss of your GiX.

2. Risks Associated with the Ethereum Protocol

Given that GiX and the Platform are based on blockchain protocol and architecture, any malfunction, breakdown or abandonment of the relevant blockchain protocol or architecture may have a material adverse effect on GiX and/or the Platform. Moreover, advances in cryptography, or technical advances (including without limitation development of quantum computing), could present unknown risks to GiX and/or the Platform by rendering ineffective the cryptographic consensus mechanism that underpins that blockchain protocol.

3. Risks Associated with digital wallet, vault or other storage mechanisms

You are responsible for implementing reasonable measures for securing the digital wallet, vault or other storage mechanism you use to receive and hold GiX you purchase from us, including any requisite passwords, tokens, private key(s) or other credentials necessary to access such storage mechanism(s). If your passwords, tokens, private key(s) or other access credentials are lost, you may lose access to your GiX. We cannot be responsible for any such losses.

4. Risk of Mining Attacks

As with other decentralised cryptographic tokens based on the Ethereum protocol, GiX are susceptible to attacks by miners in the course of validating GiX transactions on the Ethereum blockchain, including, but not limited to, double-spend attacks, majority mining power attacks, and selfish-mining attacks. Any successful attacks present a risk to GiX, including, but not limited to, accurate execution and recording of transactions involving GiX.

5. Risk of Hacking and Security Weaknesses

Hackers or other malicious groups or organisations may attempt to interfere with GiX in a variety of ways, including, but not limited to, malware attacks, denial of service attacks, consensus-based attacks, Sybil attacks, smurfing and spoofing. Furthermore, the use of open-source software, creates a risk that a third party or a member of the Company team may intentionally or unintentionally introduce weaknesses into the core infrastructure which could negatively affect GiX, including GiX's utility for obtaining Products.

6. Risks Associated with Markets for GiX

The Company will not support or otherwise facilitate any secondary trading or external valuation of GiX. This restricts the contemplated avenues for using GiX to obtain Products and could therefore create illiquidity risk with respect to GiX you hold. Even if secondary trading of GiX is facilitated by third party exchanges, such exchanges may be relatively new and subject to little or no regulatory oversight, making them more susceptible to market-related risks. Furthermore, to the extent that third-parties do ascribe an external exchange value to GiX, for instance as denominated in a digital or fiat currency, such value may be extremely volatile and diminish to zero.

7. Risk of Uninsured Losses

Unlike bank accounts or accounts at some other financial institutions, GiX are uninsured unless you specifically obtain private insurance to insure them. Thus, in the event of loss or loss of utility value, there is no public insurer or private insurance arranged by us, to offer recourse to you.

8. Risks Associated with Uncertain Regulations and Enforcement Actions

The regulatory status of GiX and distributed ledger technology is unclear or unsettled in many jurisdictions. It is difficult to predict how or whether regulatory agencies may apply existing regulation with respect to such technology and its applications. It is likewise difficult to predict how or whether legislatures or regulatory agencies may implement changes to law and regulation affecting distributed ledger technology and its applications, including GiX.

Regulatory actions could negatively impact GiX in various ways, including, for purposes of illustration only, through a determination that GiX are a regulated financial instrument that require registration or licensing. The Company may cease operations in a jurisdiction in the event that regulatory actions, or changes to law or regulation, make it illegal to operate in such jurisdiction, or commercially undesirable to obtain the necessary regulatory approval(s) to operate in such jurisdiction.

9. Risks Arising from Taxation

The tax status of GiX is uncertain. You must seek your own tax advice in connection with purchasing GiX, which may result in adverse tax consequences to you, including withholding taxes, income taxes and tax reporting requirements.

10. Risk of Alternative Products

It is possible that alternative networks could be established that utilise the same or similar code and protocol underlying GiX and/or the Platform and attempt to re-create similar facilities. The Platform may be required to compete with these alternative networks, which could negatively impact GiX and/or the Platform and GiX's utility for obtaining Products.

11. Risk of Insufficient Interest in the Products

It is possible that the Products will not be used by a large number of individuals, companies and other entities or that there will be limited public interest in the creation and development of comparable products more generally. Such a lack of use or interest could negatively impact the development of the Products and the potential utility of GiX, including its utility for obtaining Products.

12. Risks Associated with the Development and Production of the Products

The Products are under development and may undergo significant changes over time. Although we intend for GiX and the Products to follow the specifications set forth in Schedule 1, and will take commercially reasonable steps toward those ends, we may have to make changes to the specifications of GiX or the Products for any number of legitimate reasons. This could create the risk that GiX or the Products, as further developed and maintained, may not meet your expectations at the time of purchasing GiX. Furthermore, despite our good faith efforts to develop and produce the Products, it is still possible that the Products will experience malfunctions or otherwise fail to be adequately developed or maintained, which may negatively impact the Products and the potential utility of GiX, including its utility for obtaining Products. In addition, irrespective of undertaking commercially reasonable endeavours and due to the nature of developing an experimental technology the Company may not ever be able to create a functioning prototype, to develop the services or platform or to produce a commercial Product.

13. Risk of an Unfavourable Fluctuation of Ether and Other Currency Value

The Company team intends to use the proceeds from selling GiX to fund the maintenance and production of the Products, as described further in Section 6 of Schedule 2. The proceeds of the sale of GiX will be denominated in Bitcoin and Ether, and may, at our discretion, be converted into other cryptographic and fiat currencies. If the value of Ether or other currencies fluctuates unfavourably during or after the Sale Period, the Company team

may not be able to fund development, or may not be able to develop or produce the Products in the manner that it intended.

14. Risk of Dissolution of the Company

It is possible that, due to any number of reasons, including, but not limited to, an unfavourable fluctuation in the value of Bitcoin, Ether (or other cryptographic and fiat currencies), decrease in GiX's utility (including its utility for obtaining Products), the failure of commercial relationships, or intellectual property ownership challenges, the Products may no longer be viable to operate and the Company may dissolve.

15. Risks Arising from Lack of Governance Rights

Because GiX confer no governance rights of any kind with respect to the Products or Company, all decisions involving the Products or Company will be made by the Company at its sole discretion, including, but not limited to, decisions to discontinue the Products, to sell more GiX for use in the Products, or to sell or liquidate the Company. These decisions could adversely affect the Products and the utility of GiX that you hold, including GiX's utility for obtaining Products.

16. Insufficient Information

The Platform (including the Products) is at the stage of development as of the date of these Terms and its algorithm, code, consensus mechanism and/or various other technical specifications and parameters could be updated and changed frequently and constantly. While the marketing materials and Whitepaper released relating to the development of the Platform has been prepared with the then up-to-date key information of the Platform, it is not absolutely complete and is subject to adjustments and updates from time to time for optimal development and growth of the Platform and/or ecosystem on the Platform. We are unable, nor obliged, to keep you closely posted on every detail of the development of the Platform (including its progress and expected milestones no matter whether rescheduled or not) and therefore will not necessarily provide you with timely and full access to all the information relating to the Platform that may emerge from time to time. Due to the nature of the project to develop the Platform, you accept that such insufficiency of information disclosure is inevitable and reasonable.

17. Risks associated with markets for GiX

There is no prior market for GiX and the GiX token sale may not result in an active or liquid market for GiX. GiX is intended to be used solely within the network for the Platform, hence there may be illiquidity risk with respect to any GiX you hold.

GiX is not a currency issued by any central bank or national, supra-national or quasi-national organisation, nor is it a "commodity" in the usual and traditional sense of that word. We are not responsible for, nor do we pursue, the circulation and trading of GiX on any market. Trading of GiX will merely depend on the consensus on its value between the relevant market participants. No one is obliged to purchase any GiX from any holder of GiX, including the purchasers, nor does anyone guarantee the liquidity or market price of GiX to any extent at any time. Furthermore, GiX may not be resold to a purchaser who is a citizen, national, resident (tax or otherwise), domiciliary or green card holder of a Restricted Country or to purchasers where the purchase of GiX may be in violation of applicable laws.

Accordingly, we cannot ensure that there will be any demand or market for GiX, or that the price you pay for GiX is indicative of any market valuation or market price for GiX.

Any secondary market or exchange for trading GiX would be run and operated wholly independently of the Group Entities, the sale of GiX and the Platform. No Group Entity would create such secondary markets nor would act as an exchange for GiX. Even if secondary trading of GiX is facilitated by third party exchanges, such exchanges may be relatively new and subject to little or no regulatory oversight, making them more susceptible to fraud or manipulation. Furthermore, to the extent that third parties do ascribe an external exchange value to GiX (e.g., as denominated in a virtual or fiat currency), such value may be extremely volatile, decline below the price which you have paid for GiX, and/or diminish to zero.

18. Loss of Talent

The development of the Platform depends on the continued co-operation of the existing technical team and expert consultants, who are highly knowledgeable and experienced in their respective sectors. The loss of any member may adversely affect the Platform or its future development.

19. Unanticipated Risks

Cryptographic tokens such as GiX are a new and untested technology. In addition to the risks included in this Schedule 3, there are other risks associated with your purchase, holding and use of GiX, including those that the Company cannot anticipate. Such risks may further materialise as unanticipated variations or combinations of the risks discussed in this Schedule 3.
